

Nicky Wright

Period of Office: 09/07/2015 – 08/07/2019

Portfolio Holder: Outcomes and SEND

I work as Assistant Principal and Special Educational Needs Co-ordinator at Frederick Nattrass Primary Academy in Norton, which is also part of Northern Education Trust. Since I have started teaching I have worked in a variety of roles including Literacy Leader and English as an Additional Language Leader in schools which have been on journeys of significant improvement. In my current role I work to support our most vulnerable pupils across the school to support them to reach their potential in all areas of learning. I am particularly passionate about ensuring that transition between Primary and Secondary schools is as positive and purposeful as possible and that the pupils continue to thrive in their new setting. By using my professional experiences I aim to work with the other governors, staff, pupils and wider community to support The Grangefield Academy's journey.
